Exam Passed	Institute	Board/University	Year	Percentage
XIIth	K.J Somaiya College Of Science	HSC	2015	75.6%
Xth	New Horizon Public School	CBSE	2013	91.8%

BE Project: Citizen Service Portal

Description: The main aim of this project is to automate the process of complain generation and solving. We focus on two aspects - Pothole and Garbage . Verification of the image sent by the user , segregating the garbage (wet and dry) and finding depth of pothole are some of the main functions of the project.

Third Year Project: Medical Consultancy System (5th Semester Project)

Description: This project aims on reducing the communication gap between doctor and patients. From patients point of view, he/she can keep a record of multiple doctors he/she is consulting. The doctors can keep a record of the many patients under him/her and set appointments.

Other Projects:

Resume Sorting and Scoring : This project automates the process of recruitment to a great extent. It gives a score to each resume and prioritizes the resumes according to the requirement of a company.

Volunteer Management System (**Deep Blue Season 2**) : This project serves the purpose of managing volunteers of an NGO. It gives the option of tracking the volunteers work, assigning work to a volunteer and update/edit the upcoming events the NGO is organizing.

Internship: Interned at BOND department of Reliance Jio Infocomm. Ltd, Mumbai where my role was testing

various jio products (Service Validation) and creation of a website based on resume scoring and sorting.
